Notice to Navigation Interests

Notice No. L05-02

Date: 19 JANUARY 2005

Waterway: DETROIT RIVER

Location: MICHIGAN

CELRE-OT-T

UPDATE
OBSTRUCTION STATUS
DETROIT RIVER

1. Recent surveys conducted by the U.S. Army Corps of Engineers indicated an obstruction within the Federal navigation channel of the Detroit River, upper Livingstone Channel, Michigan at approximately 300 feet south of Light 26 and 100 feet west of the east channel line. However, the Canadian Coast Guard ship GRIFFON conducted a search of the area with a single-beam sonar and did not locate this obstruction. A full bottom coverage multi-beam survey will be conducted as soon as possible in the spring to confirm that the obstruction is gone.
2. Mariners are urged to use extreme caution in the area.
3. All inquiries should be addressed to CELRE-OT-T and should refer to Notice to Navigation Interests No. L05-02. Internet address: <http://www.lre.usace.army.mil> Go to: Detroit Home Page, Who We Are, Operations Home Page.

DONALD P. LAUZON
Lieutenant Colonel, U.S. Army
District Engineer

Notice to the Postmaster:

It is requested that the above notice be conspicuously and continuously posted until June 30, 2005.
